Joy,
For our upcoming Final sites, can you give me a quick snapshot of community involvement (e.g. do we have any indication if the site will be controversial with the community). Sorry for short fuse, need by 9:30am today.

Subject: For regions with sites in the September rules: we need help for briefing at 11:30 between our political Deputy Assistant Administrator Lisa Fieldt and the Administrator

Our rule is on hold until we provide certain information for a briefing with our political dep AA and the administrator.
For all sites in the September proposed and final rules, we need to provide how the following groups are likely to react to the listings:
Congressional reps, if you have any indication (we know about cong green)
press, if you have any indication
community, if you have previously performed outreach

Please get back to us so we can get info to our management in time for the briefing.
Sorry about the late notice; we only got this a few minutes ago.
